Dear Ann,

Thank you so very much for sending the Freshner to me here in FL. Our main residence is in TN, so that will be our primary address.

I do love the Ovation products. My husband sold them for a while in 1964-65, in Indianapolis. I continued to get them from Ann Bruner until we found you on the internet.

They threatened, or stated, they were discontinuing the Surf Tan Foundation make up, at one time. I am so happy you can still supply it for me! Sometime in

the past 30 yrs Ovation quit making the shade of lipstick that looked best on me. It was a (Sea?) Coral - not too much red or rose, and not too much yellow. The micro-coral you sent is very close to it in color, but had a bit too much rose in it.

I still have some cleanser + moisturizer. Ovation does make the best cosmetics on the market.

Thanks again!!  
Enclosed please find a check for \$19.00.  
Congratulations on your ownership!! Marylu
